We are privileged to be part of the world of sports and for enabling everyone all over the world to play their game. "Playing quality for all is a guiding principle that fuels our innovative spirit and drives us to be the best in everything we do. From research to development, from design to project, from inception to completion – we always strive to be ahead of the game and introduce game-changing technological and sustainable innovations that really improve the game and truly support social development - beyond the final whistle.

Why GreenFields makes the difference:

- Inspired by Nature
- Passion for your game
- Green fields by GreenFields
- Turnkey Solutions

OUR PASSION FOR QUALITY ALL THE WAY. YOUR FIFA PREFERRED PRODUCER FOR FOOTBALL.

FIFA's overall objective with the FIFA Preferred Producer Initiative is to protect the interests of consumers (clubs, member associations, players, the private sector, etc) when purchasing pitches, and to ensure that football turf systems worldwide meet FIFA's requirements with regard to specific quality, performance and safety standards.

As one of the first producers in the synthetic turf industry, GreenFields has been awarded the FIFA Preferred Producer status. At GreenFields we see the FIFA Preferred Producer Program as a decisive step for the market and industry in general. The concept fits our vision and philosophy to create perfect playing conditions all over the world. Throughout the years we have adapted our organization on all levels accordingly by investing in the right people, the organization structure, partnerships and production facilities.
